

C2007 Project Market in Budapest

KultúrPont Iroda organises a big international project market on 27th June 2008 in Budapest, with the participation of many EU member States' cultural organisations. Attending is an absolute must for you if you're preparing to submit a proposal for the Culture programme calls.

You would like to apply for EU financial sources but you don't have a winning project idea? You have an idea but don't have any project partners? Come to Budapest on 27th June 2008 to our C2007 International

Project Market and we'll help you. It is a well-known fact that for an international project you need partner organisations from foreign countries - but it is also well known that partnerships cannot be made through e-mails alone. By providing the possibility for personal meetings at our Project Market, we help establishing new partnerships and reinforcing existing ones.

We can organise our C2007 Project Market at a very favourable moment: as

the next calls of the European Union's Culture programme are due in June, the EU Commission organises information days on the programme - and there will be a regional information day on June 27 2008 exactly in Budapest. This official information event, organised this year for the first time outside Brussels as well, offers favourable conditions for the participation of organisations located further from Belgium.

Connected to the all-day info event (where leading civil servants of the

Commission's Directorate General for Education and Culture will also participate), and on the same location, our C2007 Project Market will be

held on 27th June 2008, with an expected 300-strong audience. You must come, too!

If you would like to participate at the C2007 Project Market all you have to do is send us an e-mail telling about your wish to come. If you are a future project leader, then please send us also a short description of your project (max. half a page, along with the working title of the project, the name of the participant and an e-mail address).

Please send us your materials **until 16th June 2008** in an e-mail to partner@kulturpont.hu.
